EXECUTIVE SUMMARY

A motivated computer science professional skilled in full-stack development using React.js, Node.js, and MongoDB. Proven problem-solving abilities through hackathons and coding competitions. Seeking to leverage technical expertise in a dynamic organization.

EDUCATION

Arunai Engineering College   Expected Sep 2026

Bachelor of Engineering (Computer Science) (GPA: 8.4 / 9.0)   *Tiruvannamalai, Tamil Nadu*

- **Relevant Coursework:** Web and Mobile Development: Developed web applications using React, React Native, HTML,CSS,JavaScript and other Programming Language

EXPERIENCE

Shiash Info Solution Private Limited   Aug 2024 – Dec 2024

Full Stack Java Intern   *Chennai, Tamil Nadu*

- Learned Core Java Programming: Gained a solid understanding of Java fundamentals, object-oriented programming, and design patterns.
- Participated in Team Meetings: Engaged in regular team meetings, contributing ideas and learning about project management and software development processes.
- Observed and learned best practices in full stack development, including front-end and back-end technologies.

PROJECTS

Genz-AI | *React js, ChatGPT API, Image Generation API, Weather API,Bootstrap*

- Integrated ChatGPT, image generation, and weather APIs.
- Developed the front-end using React js.
- Enhanced user engagement with interactive and dynamic features.

Student Information System | *React.js, Node.js, Express, MongoDB, Bootstrap*

- Collected and stored student data in MongoDB.
- Developed backend with Node js and Express js to manage data.
- Created a React js frontend to display and search student information.

Chat Application | *React js, Node js, Express js, MongoDB, Socket.io*

- Developed a chat application using Mern Stack with Socket.io
- Integrated Socket.io for real-time messaging
- Implemented features for sending, receiving, and storing messages.

SKILLS

Languages: Java, Python, C, JavaScript
Web Technologies: React js, Express js, Bootstrap, Node js, HTML, CSS, Socket.io
Databases: MongoDB
Mobile Technologies: React Native, Firebase
Tools: Docker, Git, VSCode, Microsoft Word

ACHIEVEMENTS

Hackathon: Participated in a 24-hour hackathon under the AI domain, showcasing skills in machine learning and AI.
Codeathon Competition: Competed in a Codeathon, demonstrating problem-solving abilities and coding proficiency.
Project Club Participation:Actively participated in the Project Club during the NAAC visit, contributing to projects and showcasing teamwork and collaboration skills..
